

Vineyard Lake Summer Series Report

The Vineyard Lake Summer Series consists of two slalom competition, which happen over two consecutive weekends, not only attracting the best of the local skiers, but also some international skiers who come to enjoy the warm weather, local attractions, and get some pre-season waterskiing done.

Skiers are grouped into 4 categories based on their performance level, being Elite, Pro, Tournament and Cross-Over. The Elite group consists of South Africa's best and most of the international contingent, where scores on the 11.25m line length are required to podium. A podium position for the Pro group would be one line length back, being 12m. The Tournament group are for skiers that have recently have recently progressed to the full slalom course, but we have seen some extremely good scores being reached. Cross-Over are for skiers that are not quite skiing through the full course, and make use of buoys that are slightly narrower. But don't let the narrower course fool you. These skiers are seriously competitive. This group is the future of the sport.

Summer Series 1 (7-8 February) results are as follows:

Elite

Alexander Robbie - RSA
Kyprios Sotiris - GRE
Levey Richard - RSA

Tournament

Rademeyer De Wet – RSA
Kritzinger Andre – RSA
